## Education

Indian Institute Of Information Technology BHOPAL

2024-2028

- Bachelor of Technology(B.Tech) in Computer Science and Engineering(CSE)
- CGPA: 8.1

## Experience

Open Source Contributor

*GirlScript Summer of Code Extended (GSSoC Extd)*

Nov'2024

- Collaborated with mentors on multiple open-source projects, enhancing technical skills and problem-solving abilities.
- Contributed code, documentation, and bug fixes; earned badges including Champion, Explorer, Postman, Trailblazer, Adventurer, and Summit Seeker.
- Achieved a score of 500 with a rank of 1676, demonstrating dedication and an eagerness to improve

## PROJECTS

**FundFlick – Crowdfunding & Donation Platform**

GITHUB

A Next.js-based platform for creating campaigns, making secure donations (Razorpay), and tracking transactions.

- Implemented Razorpay's secure payment gateway in a Next.js application, processing 50+ test transactions and documenting the findings to fix the three biggest causes of crashes before launch, ensuring a seamless user experience.
- User Authentication with Google OAuth and GitHub OAuth integration.
- Admin Panel: Moderation and management of crowdfunding campaigns.

GITHUB

**PassMg-Password Manager**

A secure and efficient password manager that allows users to store and manage website credentials safely.

- Encrypted Storage: Securely saves website credentials (username & password) using encryption.
- Website Credential Management: Users can add, retrieve, and manage login details for various websites.
- User-Friendly Interface: Simplified UI for easy access and organization of stored passwords.

## Skills

- **Programming & Tools:** HTML, CSS, JavaScript, C++, Bootstrap, React, Git, Github, Tailwind CSS
- **Frameworks & Libraries:** MERN Stack (MongoDB, ExpressJs, ReactJS, NodeJs), NextJs
- **Tools & Technologies:** Postman, Generative AI Tools, REST APIs, Razorpay API, MongoDB Atlas
- **Languages:** Hindi (Native), English

## Certificate

*Postman API Fundamentals - Student Expert*

Nov-2024

- Learned API development, testing, and automation.
- Gained hands-on experience in creating and managing API workflows.

*Be10x AI Tool Workshop*

Nov-2024

- Explored AI tools and their practical applications.
- Strengthened understanding of AI-driven solutions and workflows.
